SKILLS

Programming Languages and Framework
JavaScript | React JS |Material UI | HTML | CSS | Express JS | Node JS | Rest APIs | Mongo DB | SQL | Cypress | C# | Selenium | Core Java | Python

EXPERIENCE

Consultant - Capgemini Technology Services   **November 2021 – Present**

- Built and maintained robust and scalable web application. Created dynamic and intuitive user interfaces using ReactJS and Material UI.
- Adept at utilizing React's component-based architecture, managing state effectively, and integrating with various libraries and APIs.
- Worked with Node.js and Express.js to build server-side applications and APIs, MongoDB and mongoose for database management
- Participated in code reviews and provided constructive feedback to maintain code quality and adherence to best practices.
- Collaborated closely with cross-functional teams, including product managers and QA engineers, to deliver high-quality software solutions. Also well-versed in agile methodologies

Senior Software Engineer - CitiusTech Healthcare   **July 2017 – November 2021**
Software Engineer
Trainee Software Engineer

- Developed and implemented user interfaces using React.js and Material-UI, creating visually appealing and responsive web applications.
- Leveraged React's component-based architecture to build reusable and modular UI components, ensuring code reusability and maintainability.
- Conducted unit testing of React components, using Jest and React Testing Library, to ensure the reliability and stability of the applications.
- Developed regression automated Test case in Selenium WebDriver using C# and SpecFlow in BDD framework. Helped Devops team to integrate the sanity test in CI-CD pipeline.
- Worked on enhancing existing framework by automating REST API validation and WCF plugin validation using RestSharp and Newtonsoft Json.NET
- Execution and failure analysis of existing Regression suite consisting of 900+ test cases including reporting and tracking of defects as encountered via automated scripts.

EDUCATION

VJTI College| B. Tech in Electrical Engineering   June 2017
- CGPA: 7.75/10
